On a separate page please respond to three of the following questions:

1. Every person has a creative side, and it can be expressed in many ways: problem solving, original and innovative thinking, and artistically, to name a few. Describe how you express your creative side.

2. What would you say are your greatest talents or skills? How have you developed and demonstrated your talents over time? List three of your talents or skills. Were these talents or skills the same a few years ago? What changed? What improved? Which one of the three talents or skills you listed is the most meaningful or important to you and why? Does the talent come naturally or have you worked hard to develop this skill or talent?

3. Describe how you have taken advantage of a significant educational opportunity or worked to overcome an educational barrier you have faced. Feel free to speak about either an opportunity or a barrier. It's okay if you've experienced one and not the other. List any educational opportunities such as programs or additional classes that have better prepared you for college or training.

4. Describe the most significant challenge you have faced and the steps you have taken to overcome this challenge. How has this challenge affected your educational achievement?

5. What do you value in your life? What's important to you? Please list three and explain why.

6. What are you passionate about? Please explain why.

7. What are your vocational and avocational goals? With these goals, do you anticipate having a positive impact on the local, national, and/or world community? If so, please explain.

Additional Information:

Financial need is not a criterion for receiving this scholarship; however, all things being equal, will have an influence on our decision. How would you describe your financial need?

By singing this, I am indicating that all the above information is correct and true.
