

## **MY DRUG IS NOT COVERED. NOW WHAT?**

With the rising cost of healthcare today, families are in need of assistance. The West Virginia Rx Card can help with those prescription costs and is a free program available to all West Virginia residents. No eligibility requirements or forms to fill out, simply take the card into the pharmacy to receive savings of up to 75% on prescription medications for the whole family. West Virginia Rx Card is a proud supporter of Children's Miracle Network. A donation will be made to your local CMN hospital each time a prescription is processed through the West Virginia Rx Card. Go to [www.westvirginiarxcard.com](http://www.westvirginiarxcard.com) and print your free card today.
