

Department of Psychiatry

New Staff Arrivals

Dr. Elizabeth Greenwald

Dr. Elizabeth Greenwald (Lizzie) is joining us in the Division of Reproductive Psychiatry within the Ambulatory Service at the end of September. She is a graduate of the BIDMC Harvard Residency, where she has distinguished herself as a stellar clinician and team member. She will continue our work in women's mental health in Chelsea, Chestnut Hill, and here at the BIDMC.

Dr. Mackenzie Brigham

Dr. Mackenzie Brigham is joining the Ambulatory Service at the beginning of November. She, too, is a graduate of the BIDMC Harvard Residency, serving as the Chief Resident of the Ambulatory Service. She is recognized by faculty and peers alike for her clinical acumen as well as teaching and supervision of residents.

Anthony Szeto

Anthony Szeto, NP joined the Division of Addiction Psychiatry.

Clinical Trial Recruitment

Center for Sleep and Cognition

The CfSC has two trials up and running: (1) the "Stimulation during Sleep" pilot study has had 24 participants enroll and we are now beginning to enroll patients with Schizophrenia, and (2) our "Sleep and Emotions" K23-funded study has officially launched enrollment, consenting our first 5 participants in the last two weeks.
