## Awards, Honors and Leadership Positions

**Chi-Fong Wang, MD**, Academic Specialist in General Obstetrics and Gynecology (ASGOG), has been appointed Program Director of the OBGYN Residency Program. Dr. Wang previously served as Assistant Program Director and she will be supported by the continued leadership of Dr. Huma Farid, who has been our Associate Program Director for the past few years.

Dr. Wang has been a faculty member in our ASGOG Division since 2020. She completed medical school at Boston University School of Medicine and her residency training at Brown University/Women and Infants Hospital of Rhode Island. She is a full-spectrum academic specialist in general obstetrics and gynecology, and her interests focus on resident education, minimally invasive gynecologic surgery, and LGBTQ+ care.

## Service Line Updates

### Complex Contraception Clinic

The Complex Contraception Clinic at BIDMC provides consultation and care for patients with medical conditions that may complicate options for birth control. Our physician team, led by **Caryn Dutton**, MD, and **Sara Neill**, MD, MPH, provides personalized care to meet patients' unique needs by telehealth appointment.

Patients who may benefit from these services include those who:

- Are taking medication(s) that interact with hormonal birth control options
- Live with complex medical conditions such as:
- Autoimmune disorders
- Bleeding disorders or history of blood clots
- Cancer (current or history of)
- Cystic Fibrosis
- Cardiovascular disease
- Liver disease
- Seizure disorders
- Transplant recipients

Appointments for the Complex Contraception Clinic are available through our secure and convenient telehealth video conferencing system. In-person clinic visits can also be arranged as needed. To refer your patient, please call 617-667-4600.
