

Product Bulletin

Date: September 2, 2025
Update Number: P2025-22
Subject: Security+ 2.0® Gate & Commercial Door Operator Accessories
Product Affected: Commercial Door Operators, Gate & Barrier Operators, External Receivers

Overview

With the launch of the new Security+ 3.0™ accessory line and the planned discontinuation of select Security+® and Security+ 2.0 residential accessories, LiftMaster® will continue to support the Security+ 2.0 platform for the following product categories:

- Gate and Barrier Operators: Slide, Swing, Linear Actuator, Overhead, Barrier Gates and Receivers
- Commercial Door Operators: Maxum, Logic 5, Medium Duty, Light Duty
- Access Control Systems: Smart Video Intercoms, Smart Access Controllers

What's Not Changing

To support those Security+ 2.0 product lines, LiftMaster will continue to offer the following list of Security+ 2.0 and legacy accessories, which include the 891LM and 893MAX remotes and the 878MAX keypad. These will remain available to ensure compatibility where Security+ 3.0 technology is not applicable.

	885LM	Wireless

Product Bulletin

Important Compatibility Information

- The products listed above are not compatible with the new Security+ 3.0 residential garage door openers.
- For customers with Security+ 2.0 commercial door operators, gate & barrier operators and systems, we recommend where possible to continue using Security+ 2.0 and legacy accessories.
- Security+ 3.0 accessories will work with Security+ 2.0 operators with some differences in programming and functionality versus Security+ 2.0 accessories. Detailed instructions will be issued shortly that explain this.

Resources & Support

- [P2025-09](#) New Security+ 3.0™ accessories
- [P2025-15](#) Discontinuation of Security+ and Security+ 2.0 Accessories
