

"Sponsored by the [Museum of Florida History](#), Florida

History Day (FHD) is an annual, statewide activity that enhances the teaching and learning of history at middle and high school. NHD promotes history in the classroom by offering students the resources and support to do original research about people, ideas, and events of the past. The curriculum supports the project-based learning approach."

Thomas Truong and Heesu Seo

Congratulations for placing 1st in ***Senior Group Documentary*** at the Statewide Florida History Day competition.
