Come for lunch at noon and meet business owners, administrators, utility operators, emergency managers, and employees from across the eight-county region (*Bedford, Blair, Centre, Fulton, Huntingdon, Juniata, Mifflin, Snyder*) to join a discussion at 1:00 on cyber-security.

This event is a tabletop exercise designed to reach all levels of an organization and raise awareness of: types and abilities of cyber-attack; common vulnerabilities; how every member of an organization has a role in cybersecurity; the risks of ransomware; best practices in cybersecurity; and, resources for threat self-assessments.

We will have an abundance of helpful reference materials for your read-ahead preparations and as hand-outs at the exercise.
