

Thanks to Thrivent, Project Radical Hospitality is now able to fund the Love in Action grant process.

What is the Love in Action grant?

Last year Thrivent celebrated 15 years of Choice Dollar donations by giving away fifteen \$15,000 grants to organizations their members support. Guess what? We Won!

But now the work begins—because money sitting around making banks money isn't the plan—All of us taking bold action to share God's love with our neighbor IS the plan!

So, we need you! We want to provide the funding you need to do the love-sharing idea *you've got*. Whether it's \$100 or \$500, we want to help! And then hear how it went. Because that's what our group is all about. We're members of Project Radical Hospitality, a ministry of Women of the ELCA in the Southwestern Texas Synod. Our mission is to help us all live fully into our call to share the radical love and grace of Jesus with our neighbors **(all of them)**.

Since it's easier to do that with a friend, we build community through Education, Advocacy and Action to help us get the mission done. Won't you join us? Your action can be an inspiration to help others see the way each of us can make a difference.

Big, small, radically new or time honored, let's do it —together! Si se puede!
