

In the U.S. and around the world, people are not getting access to the specialty care they need, when they need it, for complex and treatable conditions.

Moving Knowledge, Not Patients

Through technology-enabled collaborative learning, ECHO creates access to high-quality specialty care in local communities.

Hub and spoke knowledge-sharing networks create a learning loop:

Community providers learn from specialists.

Community providers learn from each other.

Specialists learn from community providers as best practices emerge.

Doing More for More Patients

PATIENTS

- Right Care
- Right Place
- Right Time

PROVIDERS

- Acquire New Knowledge
- Treat More Patients
- Build Community of Practice

COMMUNITY

- Reduce Disparities
- Retain Providers
- Keep Patients Local

SYSTEM

- Increase Access
- Improve Quality
- Reduce Cost

Changing the World, Fast

MAINE

- More than 160 community clinic sites
- 9,000 CME credits provided for free via ECHO-operated clinics

NATIONAL

- Operating in 30 states and growing
- 45 complex conditions

GLOBAL

- Operating 1,369 hubs in more than 64 countries and growing
- Goal of touching 1 billion lives by 2025

Are you a part of the ECHO?

www.mainehealth.org/healthcare-professionals/Project-ECHO
| ProjectECHO@mainehealth.org

The goal of the HIV ECHO series is to offer education and training to community partners, including clinicians in a rural setting, on how to holistically care for patients living with HIV.

Series Objectives:

- Increase knowledge and understanding of pharmacotherapy treatments for persons living with HIV, including rapid ART
- Increase understanding of the psychosocial barriers to engaging persons living with HIV.
- Assessment and screenings for Opportunistic Infections and treatment options
- Deeper understandings of transmission risk assessment, and access to PrEP
- Learn common behavioral health conditions seen in patients living with HIV and benefits of engagement with behavioral health clinician.
- Learn positive impact of case management services and/or close wrap around nursing support to benefit persons living with HIV

WHO?

Physicians, APPs, Pharmacists and other care team members who are treating, or are interested in treating, patients living with HIV.

WHERE?

Anywhere! The virtual model uses Zoom to allow you to participate from your practice or any location that is convenient for you

WHEN?

The 1st Friday of each month, 8:00-9:00am
November 2024 – October 2025
