EDUCATION, SUPPORT AND ADVOCACY

PRESENTED BY

TRANS JOURNEYS INSIGHT AND ADVOCACY

SUNDAY, FEBRUARY 22, 2-4:30 PM
AT CONGREGATION SHOMREI TORAH

This event will provide the opportunity to hear directly from individuals who identify as transgender and from speakers who share expertise on challenges facing the trans community and ways you can help address them.

INSIGHT

We welcome Benji, Charley and Khi who identify as Transgender and will talk about their individual journeys—the good, the bad and the ugly. They will tell their personal stories so all of us may better understand the challenges they face and their hopes for the future.

ADVOCACY

Jennifer Bing, VP of Advancement for the National Center for LGBTQ Rights

As a Bay Area nonprofit careerist and consultant, Jennifer has worked with dozens of social justice organizations. She will discuss the manufactured attacks on transgender people, discriminatory policies and court cases affecting the transgender community.

Rev. Dr. Megan Rohrer, PhD and DMin

Megan is a social justice influencer known for advocacy with the homeless and LGBTQ communities. He has been featured on Netflix's Queer Eye, Cosmo, People and other publications. An award-winning author, filmmaker, musician and historian, he will share stories from trans history in the bay area and the contemporary justice movements.

Both Jennifer and Megan will help us understand how to show up for trans people in our community.
