

Join us for Back to School Night!

Parents/guardians of preschool and K-8 students are invited to Back to School Night on **Wednesday, Sept. 8th at 6:30 pm**, during which our teachers will share plans and curriculum for the school year.

Families are asked to proceed directly to their children's classrooms upon arrival. (Due to COVID we have decided not to gather in the gymnasium.)

As you exit the building after the event our principal, Mrs. Conaway, will greet you and have the 2021-2022 Student/Parent Handbook available.

- This event is for parents/guardians only – no children, please.
- Teachers will be presenting during the same time period so if two parents can't attend we suggest you split the time between classrooms
- We ask that all parents/guardians take a few moments to stop by the HSA's table to sign up to help at all of the events and activities that the HSA has planned for this year.
- Our Robotics Club will be set up in the gym for families. Stop by after our event to learn more.

Masks must be worn by all. Thank you!

We are looking forward to seeing all our SPS families soon!
