# OUR CONFERENCE

In order to ensure the safety of our presenters, staff, and attendees, the NAMI Maryland Annual Conference will take place virtually once more on **Friday, October 15th and Saturday, October 16th, 2021**. This year, our conference will be even more ambitious and robust and will feature keynotes and breakout sessions hosted by national and state decision-makers, content experts, and advocates.

## Potential topics include:

- Practical information and resources for community and health providers, employers, and/or individuals and their families coping with mental illness;
- Practical information and resources about and for special populations including veterans/military, minorities, children, young adults, and other under-served populations;
- Information and resources for providers and advocates working with co-occurring disorders;
- Policy and advocacy topics like criminal justice issues, health care reform, and early intervention.

Our conference attracts a wide and diverse audience which includes NAMI affiliate leaders, service providers, researchers, individuals with mental illness and their family members, and individuals working in criminal justice, social services, health, and veterans' affairs. **We encompass a strong, statewide network of more than 55,000 families, individuals, community-based organizations, and service providers** and with more than 300 virtual attendees in 2020 and thousands more engaging online, we expect this virtual conference will give NAMI Maryland, and our sponsors, an even greater reach than ever before.

# SPONSORSHIP BENEFITS
