#### **Travel Insurance**

**IMPORTANT:** We highly recommend that you take out a travel insurance policy to protect your investment. (For example, [Insure My Trip](#) has a multitude of policies to choose from, including a “cancel for any reason” rider option.)

#### **Liability**

This retreat includes movement activities and naturally entails some risk of potential injury. If you suffer from medical or psychological ailments, please consult your physician or therapist to check whether your participation is advisable.

Getting around Blue Spirit outside the main building—including access to the pool, the beach, and some classrooms—requires walking up and down stone stairs, sometimes several flights of stairs (or down a short hill to the beach). If you have mobility issues, be sure to check the location of your room before booking. *Blue Spirit cannot accommodate requests for special assistance.*

You agree to enroll and participate at your own risk, and to release Zuza & Scott Engler from any liability claims and take full responsibility for your health and wellbeing during the retreat.
