# A note from the Pastor

April blessings, friends!

I want to mention something this month, mostly so I know I have said it out loud ... no April foolin' here! It probably will not be the last time you hear it ... so please receive it as both encouragement and hopeful direction for the future.

Our pastor and staff WANT to be available to you, particularly in times of need. Where we consistently find we need assistance and partnership is with communication FROM you. The most consistent example of this is hospital-related visitation. It is not unique to Appleton, trust me, but I have lost count of the number of times someone has been hospitalized and I/we had no idea they were ever there. The fact that hospital stays are much shorter now overall exacerbates that, and COVID restrictions are still an ongoing possibility. Due to privacy laws (HIPAA), the information hospitals are allowed to share is quite limited without your permission, including whether you are even in the hospital or not! It's up to you to request it, and they don't always ask, especially if you come in through the ER and are admitted from there. Further, hospitals are typically dependent on volunteers to make those phone calls to the various local churches. The practice is NOT routine, and volunteers are not always available or dependable, nor is the information they might have at their disposal on a given day. It matters a great deal what time of day you are admitted as to whether you are included on the census for that day or the next. Hopefully, you can see there are abundant opportunities for communication to break down somewhere along the way, and it does. To further complicate things, hospitals are free to interpret HIPAA regulations independently, so the rules often vary from hospital to hospital. It's truly mind-numbing.

Here's how you can assure we are aware of your situation. Do not assume anything. Always have a member of your family call the church office. Period. The reason is that direct family members are typically much more aware of needs and desires than friends. We cannot assume that because we would want a pastoral visit someone else necessarily wants one too. We want to be sensitive to the needs of folks who would prefer NOT to be visited, and I assure you there are folks in that camp. Consequently, I do not assume anything, and encourage you not to assume anything either. Always err on the side of OVER-communicating. If you need something. Ask.

We are always happy to respond to needs when we know about them. Your partnership in this ministry of caring is coveted and deeply appreciated.

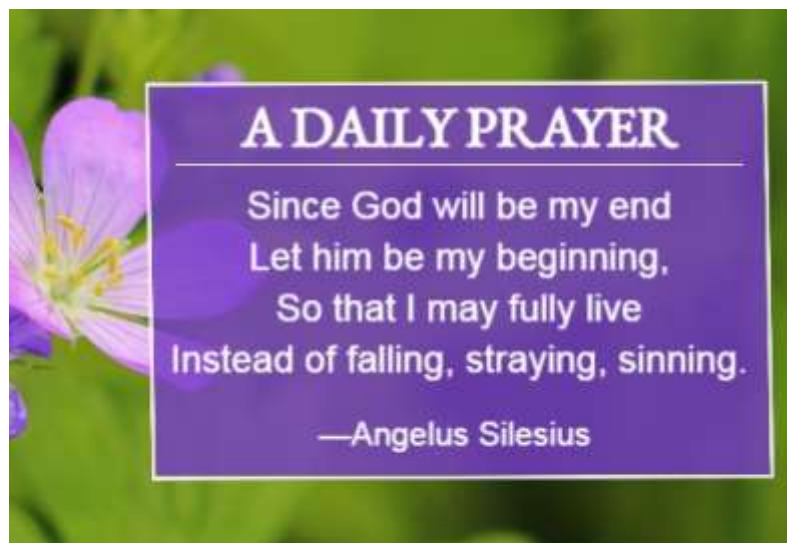

Peace ... Pastor Kemp

## Altar Flowers

If you would like to have altar flowers placed on the altar (in memory, honor, or celebration of someone or something), there are two options available for you.

- 1) With the increasing costs of fresh flowers, the arrangements have become less and less. Moving forward, you can have the church pick up a pre-done bouquet or arrangement for \$40.00.
- 2) Bring your own fresh floral arrangement to have at church by Thursday Worship at 6:30pm.

Our Saviour's Evangelical Lutheran Church  
Pastor Kurt Hoffman  
3009 N Meade St  
Appleton, WI 54911-1511

Dear Pastor Hoffman,

When people ask me what makes LEAVEN different, I reply that LEAVEN stabilizes lives. Countless times, clients have told me, with tears in their eyes, about what this assistance has meant—security, empowerment, and hope. It all began with LEAVEN. And all because of you. Thank you for supporting LEAVEN. Your \$500.00 contribution on March 14, 2023, will go a long way to helping individuals and families struggling to meet their basic needs.

Your gift is already opening doors toward stability and self-sufficiency for our clients when they have nowhere else to turn for help. Guided by the mission to stabilize and empower people in crisis by providing financial assistance, resource coordination, and case management, LEAVEN has responded to 5,213 requests for assistance from 3,903 unique households, distributing \$765,958 in direct client assistance in 2022. We made 3,482 referrals to our onsite partners, connecting clients with resources that promote long-term economic stability and quality of life.

For the last 36 years, LEAVEN has continued to advance its mission to empower our clients and to preserve their dignity, turning their hardship into hope. And because of your donation and others, we will be able to continue to support our community.

Thank you again for your generous support of these households.

Sincerely,

Nikki A. Gerhard  
Executive Director

*Leaven wouldn't be able to fulfill our mission without your support!*

**YOU are Invited!**

**E-MAILED MAR - 6 2023**

As a valued supporter and member of our community, you know what home means to families. That is why we are inviting YOU to help build a home for a family in need of safe, affordable housing by donating to the ReStore.

The ReStore is a retail store like none other. Anyone can donate and purchase new and gently used building materials, home goods, and more. The profits from your purchases and donations directly support Fox Cities Habitat's mission to help low-income families build strength, stability and self-reliance through shelter.

### Donate Instead of Dispose

Donating to the Appleton Habitat ReStore is a sustainable, environmentally savvy way to pass along items you no longer need.

It prevents useful items from ending up in the landfill while going to another family who will give it a loving home. Your donations have helped us divert 50 million pounds of items from the landfill!

It's good for you, your community,  
and the environment.

You can change lives. You can make dreams a reality.

### ReStore Makes Homeownership Possible

Alayah is 2-1/2. She loves to draw with sidewalk chalk. She dreams of a room with Minnie and Mickey Mouse all over the walls. She has a big brother and a big sister that also have dreams. But it's her mom, Alexis, whose dreams are starting to take shape.

Although Alexis has had a stable job for nine years now, she couldn't find an affordable place for her family to live while still paying for food, fuel, and other necessities. She qualified for housing assistance, but the places available for rent did not accept it. What was she to do?

A neighbor told her about Habitat, so she applied. "When I was accepted I cried tears of joy, I'm proud of myself for continuing this journey to provide a safe and stable place for my children to call home."

-Alexis

## Houses are made of bricks and beams Homes are made of love and dreams

Our volunteers are priceless. We wouldn't be able to accomplish our mission without the countless hours of volunteers on build sites, at the ReStore, and in committee or leadership work. This mission also requires significant investments. Houses are built with building materials, contracted labor, staff, and more - all this helps create a home made of love and dreams.

As you are planning for your year ahead, please call us to talk about how we can partner with you. The ReStore can be a beneficial resource for your business. Our pickup service can help with excess inventory, over-runs, product returns, clearance items, and product rotations. Our deconstruction service can safely remove items from your projects as you do upgrades or remodels. Both services are FREE!

Build your brand while helping build and improve homes and neighborhoods. Fox Cities Habitat and the Appleton Habitat ReStore are well-respected in the community. YOU can be part of this life-changing mission.

We need your ReStore donations to help families build a secure, safe, and decent place to live.

Will YOU partner with us today?

Please call for further information, to schedule a donation pickup, or deconstruction site visit.

Thank you for your consideration to help families this year.

Andy Scheiderer  
ReStore Manager

### By Supporting the ReStore, YOU...

- Will build simple, decent, and affordable housing in the Greater Fox Cities Area for qualified low-income families. Today more than 954 women, men, and children know the joy and security of living in a Habitat home in the Greater Fox Cities.
- Will offer a "hand up, not a handout" to low-income families. Families purchase Habitat homes through a 0% interest mortgage loan and contribute 300-500 hours of "sweat equity" in the process.
- Will build stronger neighborhoods and communities. Habitat homeowners become contributing members of their neighborhoods and communities.
