

Have employees who are stressed? Complaining of burnout? Struggling with day-to-day life? We can help!

EAP services are a cost-effective solution to prevent employee problems from becoming a problem in your practice. Stress, compassion fatigue, and behavioral health concerns often go untreated and are the leading causes of employee underperformance, absenteeism, and attrition. That's why EAP services can help employee wellbeing in ISVMA member practices.

Why Do Employees Need an EAP?

Personal challenges can feel overwhelming sometimes, but your team doesn't have to handle it alone, or suffer in silence. If an employee is struggling with any of the following concerns, help is just a confidential phone call away:

- Burnout
- Compassion Fatigue
- Emotional Upsets
- Family Problems
- Alcohol/Drug Misuse
- Stress Problems
- Other Personal Concerns

What Services Does Our EAP offer?

- Confidential, professional assistance services
- Access to 24/7/365 support services
- Three or Five counseling sessions for employees and dependents
- Unlimited telephonic support
- Online self-help resources
- Legal referrals
- Financial referrals
- Childcare & Eldercare resources
