

STUDY BUDDIES

A one-on-one way to improve test scores and understand concepts

If your child has ever come home with homework they didn't know how to do or a couple tests that didn't have the best grades, then you may want to consider signing them up for the new after school program, Study Buddies. The program will be offered to children of grades kindergarten to fifth grade. Your child will receive one-on-one help with an eighth grade student who excels at the subjects your child is struggling with. The tutoring program will meet every Thursday from February 16th to April 27 from 2:45- 3:45. Going to all ten sessions is not mandatory, so please check off the dates of the sessions your child will be attending below. Snacks and drinks will be provided, but children are welcome to bring a snack from home if they like. The program is free of charge and will help an eighth grader, Emily Ranalli, gain her Silver Award for Girl Scouts. Please email emilybranalli@gmail.com if you have any questions. Thank you for supporting this new program!
