*** Volunteer Opportunities ***

Scorers and Proctors Needed to Support Chapter & State Competitions

Massachusetts MATHCOUNTS seeks volunteer Scorers and Proctors for the Chapter and State competitions held in February and March.

Nearly 100 volunteers are needed to support **7 Chapter Competitions** at 7 testing sites throughout the state, as well as the **State Competition**.

The time commitment is just 3 to 4 hours; no experience is necessary; volunteers must be over 18, able to follow simple instructions, and not be related to a competing student.

Simply email the chapter coordinator of any competition for which you can volunteer.

If You Cannot Volunteer in Person...

Please sponsor/donate your tax-deductible support!

The seven statewide chapter competitions and the State Competition depend on donations to provide: Food for nearly 800 students; Trophies for Chapter & State winners; Team Massachusetts T-shirts, Supplies & Postage.

Your tax-deductible support of ANY size will greatly benefit the students, and be recognized by more than 1,000 people – including students, parents, volunteers, and perhaps even the media.
