

## Introducing this Year's Community Clerks!

We are proud to welcome nine third-year medical students from NOSM University to complete their Comprehensive Community Clerkship with preceptors from our medical staff until the end of March 2026.

**Hannah Gray** grew up in Guelph and also lived in Ottawa and in Sandy Lake First Nation. She completed a Bachelor of Science in Nursing at the University of Ottawa. After working for many years, she completed a Master's of Public Health with a specialization in Indigenous Health from the University of Toronto. She enjoys staying active through CrossFit, walking her dog, and recently exploring racket sports.

**Elizabeth Arif** was born in Atikokan, Ontario and grew up in Invermere, British Columbia. She has a Bachelor of Honours in Environmental Geology, and Master of Environmental Studies from Queen's University. Her hobbies are canoeing, running, camping, hiking, rock climbing and reading.

**Ahmed Bilgasem** was born in Manitoba and lived in Sudbury for most of his life. With an undergraduate degree in Biomedical Biology from Laurentian University and a Master in Physical Therapy from McMaster University, he enjoys going to cafes, weightlifting, running, and playing soccer.

**Mira Donaldson** hails from Fort Frances, Ontario. She completed a Bachelor of Science with Honours in Cognitive Science and a Computer Science minor, and concurrently a Bachelor of Arts in Psychology with a Philosophy minor from Mount Allison University in New Brunswick. In her free time, she enjoys hiking, reading, cooking, playing DnD, and music (currently she has her guitar, ukulele, and harmonica to keep her occupied).

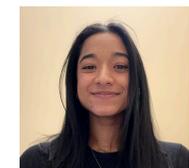

**Ryan Coyne** lives in Bracebridge with his wife and four children. Previous careers saw him invest 12 years in woodworking and carpentry before returning to school and shifting into public health. At age 30, he went back to school to earn an undergraduate degree in Psychology at Nipissing University, then completed a Master in Public Health at the University of Waterloo. He enjoys road cycling, paddling, camping, and all outdoor activities.

**Adam Poulin** was born in Atikokan, Ontario and holds an undergraduate degree in Human Biology from the University of Toronto. He also has a Northern Studies Master of Science from Carleton University and enjoys hiking, canoeing, fishing, running, and reading.

**Alexandra Santos** grew up in Toronto and moved to Huntsville eight years ago. She completed an undergraduate degree in Kinesiology at Western University, followed by a Master in Teaching at the University of Toronto where she specialized in elementary education. She likes running, painting, and spending time on the lake whenever she can.

**Cassyra Walia** was born and raised in Sudbury and holds a Bachelor of Science in Nursing from Laurentian University. She enjoys staying active by going to the gym and playing sports – volleyball being the favourite. She is open to contributing to a wide range of research projects and would love to be involved in a study that draws on her clinical experience in the operating room – a time that she deeply values and consider some of the best years of her life.

**Hannah Hyde** was raised in Bracebridge and earned an Honours Bachelor of Health Sciences degree from the University of Ottawa. This summer she worked on a research project within the field of Medical Genetics through NOSM University. In her spare time she enjoys reading and walking the Muskoka hiking trails with her dogs.
