

Find Your Perfect Nursing Fit!

Follow the chart to learn what roles might be a great fit for you

"I love working on my own and really getting to know the kids and families I serve."

You may like:

Homecare

- Your role: Giving children with unique medical needs the care they need to continue living at home with their family.

3

"I want to be part of a team, and I'm specifically looking for hours that align with typical business hours."

You may like:

Medical Childcare

- Your role: Providing care as part of a unique team at the only Medical Childcare of its kind in Iowa. Children with special healthcare needs who live at home with their families can receive skilled nursing care, and occupational, speech, and physical therapies on-site during the day!

4

"I want to be part of a team, but I'd prefer a smaller, home-like setting."

You may like:

ChildServe Homes

- Your role: Providing nursing care and medical oversight to children in our residential group homes. Our homes are happy, supportive places where individuals receive 24/7 care, enjoy visits from friends and family, and build their daily living skills with our direct care team.

1

"I have a job I love already, but I'm looking to get some experience with pediatrics and would love flexible, part-time hours."

You may like:

Specialized Respite

- Your role: Providing nursing care to children with special healthcare needs while giving their parents a little time to rest and recharge.

2

"I want to join an awesome team serving kids in a fun, uplifting environment!"

You may like:

Long-Term Care

- Your role: Providing nursing care in the only pediatric long-term care provider in the state. We have a heart-warming, kid-friendly culture unlike any other care setting.

Inpatient Rehabilitation Unit

- Your role: Providing nursing care to infants, kids, and young adults who are recovering from an early birth, injury, surgery, and more. *Insider Tip:* Our brand new unit will open in spring 2022, and we will have many openings and scheduling options to consider!
