

November 2016

**As a current, past, or future supporter of AAS,
you are well aware of this phrase: Honeybees -
Our allies in healing!**

Widely recognized in many cultures around the world, the hive products and the treatments that they are used for significantly reduce suffering and improve ones health and well-being. They are often far less costly than conventional medicine, and they usually have fewer side affects. The American Apitherapy Society plays a vital role in increasing the public's access to this information, and you, as members and participants, support us through your memberships, renewals, and simply by participating. Your support enables us to continue our work and maximize our ability to engage others in the practice of Apitherapy.

**In our annual appeal, we are asking for you to
help us:**

- Continue sending our Newsletter monthly to members, past members and over 3,000 participants who subscribe to it over the web.
- Provide scholarships to students to attend our future Course and Conference.
- Bring outside speakers to our Course and Conference.
- Organize and sponsor Apitherapy workshops throughout the year in different parts of the country.
- Make necessary updates to our website and create more venues for distributing information via our website.

As a nonprofit organization, the AAS relies on the generosity of its supporters. Your tax-deductible contribution may be given through our website under **DONATE** on the right side of the home page, via this link, or by check sent to the address below. Either way, you'll enable us to spread the word about honeybees-and their integral role in our food and our medicine. Donations of any amount are greatly appreciated and make a huge difference.

With warm greetings for this holiday season,

Frederique Keller, L.Ac., President
The American Apitherapy Society, Inc.
