

Healthcare Innovators Network

Friday, October 13, 2023

Rhode Island Convention Center, Ballroom B, 5th Floor

Morning Preconference: 8am-12pm

Afternoon Seminars: 1pm-2pm, 2:15pm-3:15pm, 3:45pm-4:45pm

About the Innovator's Network

The FMEC is committed to introducing innovations in family medicine and primary care to medical and residency training programs that can incorporate them into learning; to other clinicians who may adapt and spread them; and to business partners who can take innovations to market. Since 2008, the FMEC has hosted the Innovator's Network during its Annual Meeting to provide a medium for these groups to showcase their innovations and receive useful feedback.

Moderator: Laurence Bauer, MSW, MEd

Presentation Reactors: Michael Fine, MD; Ms. Adrian Agalgay

The 2023 Healthcare Innovators Network is sponsored by

Agenda

- | | |
|---------|---|
