

#BACC BELONG!

"When it comes to growing your business, the Barrington Area Chamber of Commerce is the best value out there for your marketing dollars. As a long-time member, it's obvious to me that you get out of it much more than you put into it. The Chamber is a non-stop advocate with state and local government units on behalf of our businesses and keeps us informed of the impact of impending legislation and business and community changes.

The informative and educational events provided by the Chamber help small business owners more effectively run their business in today's challenging business climate. And the constant schedule of networking opportunities and events makes it easy for business owners to meet and get to know one another, and ultimately to do business with other members of the Chamber."
