

#BACC BELONG!

Being part of BACC is an instant opportunity to expand your network. I have benefited from meeting other small business owners, supporting and learning from each other as we share growth strategies and struggles.

At Virtue Asset Management we use a client-centric approach to customize solutions for our clients. We have a fundamental obligation to provide investment advice that always acts in our clients' best interests. It's valuable to me and my clients to build a strong network of experts that I can refer – people I know, like and trust. My involvement at BACC has enabled me to meet key people in the community, and in a number of different industries including local leaders.

As we grow and learn together, BACC connections often turn into lifelong personal friendships. Membership is a strategy for success in your community.

Robert Finley
