05/19/22
06/16/22

For more information or to
register, email Dema Hakim,
CE Program Manager at
dkhakim@bu.edu.

Networking @ Noon is a series of lunchtime networking sessions held on Zoom monthly. This Series is aimed at **BU and BMC researchers and trainees** conducting Community-Engaged Research (CEnR) or are interested in conducting CEnR. Sessions will be topic-centered, focused on core competencies of Community Engagement.

Each networking session is **informal, topic-based conversation** in breakout rooms on Zoom. Breakout rooms will include a range of CEnR experience, facilitating **learning from experiences** and opportunity to network with other researchers with various community partners.

Register here by September 9, 2021 to join the first session. Joining all sessions is encouraged, and newcomers are always welcomed.
