

Annual CTSI Regional Shared Mentoring Symposium

Join us for a mentoring virtual event

Friday, December 10, 2021, 8:30 am - 12:30 pm

This half-day symposium is geared towards fellows and early career faculty who are interested in clinical and translation research.

The event provides networking, panel discussions and one-to-one mentoring with senior faculty from local clinical and translational science institutions. This symposium is an excellent opportunity to obtain career advice from mentors and presenters.

Note: Mentees will be asked to provide an NIH formatted biosketch ahead of the mentoring session

[Register here](#) before November 10th, 2021

Open to Postdoctoral Fellows and Early Career Faculty in Clinical and Translational Research

Agenda
