

I-Ready Login Info

Go to **i-ready.com** (don't forget the dash!) Your class teacher will send the login information in an email. Select Oregon and then click Go!

After logging in, you will have the option to select math or reading. After one test is done, you will only have the option to do the other test. You do not need to finish one test before starting the other test. When done for the day, click the X in the upper right hand corner to log out.
