

Mendocino County Air Quality Management District's

Woodsmoke Reduction Program

A California Climate Investments Program

WAYS TO APPLY

1) Pick up an application:

MCAQMD
405 Observatory Ave.
Ukiah, CA 95482

2) Download:

www.mendoair.org

Applications are accepted in person at the District office, via mail, or email

What does the Program offer?

Qualified residents of Mendocino County who are currently using a non-EPA certified wood stove, fireplace or fireplace insert as the primary source of home heating are eligible to receive a voucher to assist with the replacement of their device with a new, EPA-certified device by an approved retailer/installer.

What are the benefits?

- Save money on your home heating bill
- Improve indoor air quality
- Reduce air pollution in your community
- Better energy efficiency
- Lower your fuel consumption
- Improved heating performance
- Reduced maintenance
