### Grants Division-Executive Office

April 2026  
CEO Report

#### Introduction

For the month of March, staff hosted the stakeholder meeting for the Covelo Fire Hydrant Project, continued to work with departments to utilize the Euna Grants Management System, and continued supporting departments with grants seeking.

#### Covelo Fire Hydrant Project

County staff hosted a stakeholder meeting to launch the Covelo Fire Hydrant Feasibility Project on March 20, 2026. This \$150,000 project is a state allocation provided to the community of Covelo by Senator McGuire. Attendees included Supervisor Haschak, CAL FIRE, Covelo Fire, Round Valley Tribe, Covelo Community Services District, Covelo community members, and County staff. The Request for Proposal (RFP) for the planning and engineering consultant will be issued in May 2026.

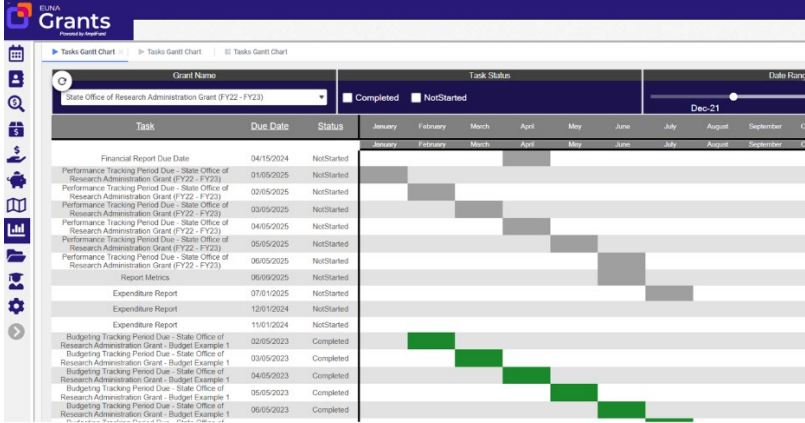

**IT Cybersecurity Grant**

Staff coordinated with Information Services (IT) to submit the Cybersecurity Modernization and Resilience Project (CMRP) to the State & Local Cybersecurity Grant Program. This \$224,000 grant project seeks to enhance the resiliency of information systems, implement continuous risk mitigation, and reduce risks to critical infrastructure.

**Euna Grants Updates**

Euna Grants is the County procured grants management system.

- Staff with Euna accounts can register for the Grant Seeker training on April 14, 2026 [here](#) to get a firsthand look at the features and enhancements planned for the months ahead.
- This month’s featured report Task Gantt Dashboard gives a visual snapshot of all tasks for a grant record, color-coded by status so you can see exactly where things stand at a glance. Filter by date range or status to focus on what matters most and keep your grants moving forward. To have this report added to your account, simply complete this [quick form](#). The Customer Success Manager will follow up to confirm once the report is available in your account.

- New Resource: Award Import/Export Overview  
Updating awards just got easier. The Award Import/Export feature streamlines bulk award maintenance with a seamless export, edit, and re-import workflow. Use the link [here](#) for instructions.
