Mendocino County Animal Care Services

The Animal Care Services program areas include Shelter, Clinic & Animal Protection Services. These programs provide animal education outreach, adoptions, volunteer opportunities, fostering, lost & found services, feral cat trap-neuter-return programs, dog licensing, low-cost spay & neuter, veterinary care, animal health education, rabies vaccinations, micro-chipping, impounding of lost & stray animals, responding to injured, ill, and suspected cruelty complaints, and promoting responsible pet ownership.

Low-Cost Vaccine and Microchip Clinic

In preparation for the Fourth of July Holiday and in partnership with *For the Animals of the Ukiah Shelter* non-profit, Animal Care Services hosted a low-cost vaccine and microchip clinic. The goal was to microchip as many animals as possible before the holiday which can be a busy time in the animal community.

This clinic was a huge success, with 33 animals getting microchipped and 111 vaccines administered.

We want to thank *For the Animals of the Ukiah Shelter* for sponsoring the event by purchasing the microchips, and our great volunteers who were hands-on at this event.
