

Safe and Healthy Community

July 9 Outreach staff attended Howard Memorial Hospital's Back-to-School-and-Sports Physicals Fair providing information, take and make kits, give-away books, and library card sign-ups.

Thursday July 20, 3:00-5:00 p.m. in partnership with Native Way, Walking Amongst Youth, and the Round Valley Indian Health Center, the Round Valley Branch of the Library presents two free films on the topics of traditional ecological knowledge, salmon, and the effects of the Shasta Dam on river ecosystems in the Community Room at 23925 Howard Street in Covelo. This screening is tailored towards tweens, teens, and adults, and enhances mental health and builds community by giving attendees an opportunity to gather, learn about the cultural significance of the natural environment, and socialize.

July 29, 2:00 p.m. Fort Bragg Branch Library invites kids to play Harry Potter Monopoly, which encourages them to use their wits and wizardry in a monopoly-like game. Snacks and wand crafts will make the day a treat, bringing kids and families together.
