Pharmacy Benefits

Employees enrolled in the County health plan will have access to prescription drug coverage through **Navitus Health Solutions**. A physical Member ID card was sent through the mail.

Prescriptions can be filled at most independent and major chain pharmacies within the network. For maintenance medications, members can use Costco's mail-order service to receive a 90-day supply delivered to their door—no Costco membership required. Lumeric Health Services serves as the specialty pharmacy partner, providing personalized clinical support for members with complex conditions to help manage side effects and reduce complications.
