

## Prevention, Recovery, Resiliency, & Mitigation

October-November 2024

### Introduction

The Prevention, Recovery, Resiliency, and Mitigation Division was created to work directly with state, federal, and local partners in the physical and financial recovery of the County. The Division works across public and private sectors to ensure unmet needs are being addressed within the community.

For more information on Emergency Preparedness, Recovery and Resources visit us online at: <https://www.mendocinocounty.gov/community/fire-recovery>

### IV. A Prepared and Resilient County

#### A. BRIC 2022 Mendocino County Community Wildfire Resilience Project

Phase I - August 2024 to December 2025:

October - Our Team focused on the development of the communications plan and developing procedures. This included internal team meetings, review of grant parameters and continued education in Federal and State guidelines.

November - Our Team focused on the development of several Request for Proposal's (RFP's) for key contractors to be involved in Phase 1 of the project. Our Team met with agencies in other Counties with similar programs to discuss best practices and lessons learned.

#### B. Ignition Resistant Grant

Our Team continued to actively engage with participants and construction companies in the Ignition Resistant Grant program. As of November 30, 2024, the program has seen eight (8) projects completed; two (2) notice to proceed; five (5) funding agreements awaiting signatures; 12 draft funding agreements awaiting updated construction quotes; three (3) participants placing the projects on hold; 13 participants withdrawing from the program; and two participants disqualified.
