A Safe and Healthy Community:

The division put out two PSA's on our social media websites to educate the public on important subjects as we head into the summer season.

Our Hazmat inspectors completed 54 inspections, completing 45.8% of their annual inspections while only being 41.7% into the year.

In addition, the division's REHIT team held an annual exercise to refresh the skills of responders in order to respond more efficiently, thoroughly and confidentially in the event of a house hold hazardous waste response. This exercise worked in collaboration with the Mendo Recycle staff.

A Prepared and Resilient County

The division successfully hired a Program Manager who will help manage both our Land Use and Consumer Protection programs in Ukiah and Fort Bragg. The division currently has 2 vacancies in Administrative Support in Ukiah; Land Use has 3 vacancies in Ukiah and 1 in Fort Bragg; Hazmat has 1 vacancy in Ukiah; and Consumer Protection has 3 vacancies in Ukiah.

Other:

At the direction of the BOS, the division will be issuing 44 refunds to customers who paid for a Three or More Event permit (Hazardous and Non-Hazardous). This refund will be the difference between the fee they paid for their Permit to Operate, based on the fee schedule adopted on February 5th, and what the new fee will be that is going to be adopted on June 24th. We anticipate checks going out by the second week of July. Our division would like to thank the Auditor's office for their assistance on this project.
