

Our Lady of Guadalupe School
Parent Education
Internet Safety

Presented by Stefanie Thomas
Formerly with Seattle Police Dept. Internet Task Force
Currently - FBI Victim Advocate

This highly informative presentation focuses on personal online safety, cyber bullying, apps, monitoring your child's devices, and more... Technology and social media are constantly changing, capturing the time and attention of our children. Learn how young people are impacted by social media, and how you can keep pace with your child while keeping them safe!

Plan to attend this presentation, Tuesday February 25th, 6:30pm-7:30pm, in Our Lady of Guadalupe School Hall. Unable to attend? Offer childcare to someone who would like to attend, and you will receive commitment hours.

Stefanie Thomas will also present to OLG students grades 5th through 8th, Thursday February 27th. These two presentations may open discussion between parents and students, affording an opportunity to look together at safety concerns and social media influences.

For further information please contact the school office at 206-935-0651, or School Counselor - Ms. Heidi Ehrenberg - hehrenberg@guadalupe-school.org
