

# Summer Learning

**Parents:** We highly encourage students to maintain the skills they have learned this year. Your student may need help scheduling time to work on these skills. Check for communication from homeroom teachers as well as refer to your student's report card for comments and recommendations.

## **Students entering Grades 1-5 will receive:**

- **Grade 1** - packet with math and reading review
- **Grade 2** - packet with math and language arts review. Please continue to use your individualized book lists and RAZ to find "just right" text and books! Students are encouraged to read aloud 20 minutes a day.
- **Grades 2-5** - Math Whizz and XtraMath will be available to your students throughout the summer. We recommend that you continue to use these resources! For optimal results, use Math Whizz for 45 minutes a week and XtraMath 3-5 times a week.
- **Grades 3-5** - math packet and any unfinished workbooks. Students are encouraged to read 20-30 minutes per day.
- **Grade 6** - math packet and small reading assignment

Incoming students in grades 1-5 who complete and return their packets to next year's teacher on the first week of school will be eligible to participate in an **ice cream treat**. Have a fun and safe summer!
