

## Preventive Medicine Residents AY26-27

**Kristy Cromblin, MD** is a graduate of American University of Integrative Sciences School of Medicine, Barbados. She completed her undergraduate degree in Biology at Auburn University in Montgomery Alabama and completed a year of clinical training in internal medicine at University of Alabama, Birmingham. She is passionate about improving healthcare access through systems change and health policy and played a key role in expanding access to care through the “Alabama Workforce Act”. Outside of medicine she enjoys sewing, vegetable gardening, preparing health meals.

**Anna Spencer, DO** is a graduate of Liberty University College of Osteopathic Medicine, Virginia. She completed her undergraduate degree at Utah State University, Logan, UT and completed two years of clinical training at Prisma Health Tuomey Family Medicine, Sumter SC. Her interests include the intersection between Public Health, Occupational Health and Mental Health which led her to volunteer and work in a variety of clinical settings.
