Print the **Star Diagnostic Report**

Review individual diagnostic and skill information for each student.

Focus on the following:

- Strands & Substrands: Understand strengths and weaknesses.
- Percentile Ranks (PR):
 - » Below 10 PR: Intensive intervention needed.
 - » Below 25 PR (Yellow/Red): Targeted intervention required.
 - » 25-39 PR (Blue): Additional support with general instruction may be beneficial.
- Color Coding: Graphical representation helps identify performance levels.

PLAN PERSONALIZED INSTRUCTION

Utilize **FELDS (Florida Early Learning Developmental Standards)**

Use the Florida Early Learning and Developmental Standards (FELDS) in conjunction with the Diagnostic Report to tailor activities for both individual and group instruction.

Access the **Activity Plans for the Preschool Classroom** aligned with the Florida Early Learning and Developmental Standards (FELDS), which include developmentally appropriate, hands-on activities to support learning.
