

ABOUT US

United Alliance Construction Safety Division is Boston and Providence's premier provider of comprehensive construction health and safety consulting, and training services. United Alliance is a certified woman-owned small business specializing in serving construction clients for both small and mid-size firms. Throughout New England, United Alliance Construction Safety Division, along with their sister division OccuMed of New England, provides value-added health and wellness services, respiratory fit-test, drug screening, and medical professionals to the construction industry.

We were formed to assist construction clients with the growing health and safety regulatory requirements by providing guidance on issues pertaining to employee safety and health. Our mission is to provide occupational safety and health consulting and required staffing, without the need for our clients to increase staff and overhead cost. Our diverse and experienced team provides consulting services with the proven practical and first-hand experience that a small business, a growing business, or a project-based organization requires, all at a reduced operating cost.

United Alliance Construction Safety Division can assist ABC Massachusetts and ABC Rhode Island members in making their companies and construction projects safer and more compliant with:

- Assisting ABC members in meeting their objectives of the ABC STEP program
- Annual bundled safety & OSHA compliance packages with ABC membership discounts
- On-site safety inspections, audits and consultations
- Over 100+ Safety training programs at client's locations, project locations, or through our open enrollment programs.
- OSHA consultation and representation

OUR SERVICES INCLUDE BUT, ARE NOT LIMITED TO:

- Part and Full-time Safety Management & Consulting
- Safety Program Development & Implementation
- Workplace Health and Safety Programs
- Written Health and Safety Programs
- EPA, DOT and DOS Compliance Auditing and Sampling
- Construction Industry Safety Programs
- OSHA 10 and 30-Hour Training – Construction, General Industry and Maritime
- Safety Auditing
- Employee Health and Wellness Programs
- Drug Testing
- EM-385 Courses
