Multipurpose Liquid Glue	110755
Stampin' Dimensionals	104430
Stampin' Trimmer	152392
Paper Snips	103579

Instructions:

1. Let's begin by creating the card base. Cut a piece of Petunia Pop at 4" X 8" and score at 4". Next, Cut a piece of Berry Burst at 3 7/8" X 3 7/8". Layer onto the card base with the liquid glue. Next, cut a piece of Basic White at 3 3/4" X 3 3/4". This piece will be added to the card layer after stamping.
2. Using the present box stamp, ink into the Petunia Pop ink pad. Begin stamping at the top left corner. Ink every time before stamping. Ink the smaller packages in Berry Burst ink and stamp the top and sides. Always ink every time to get a crisp look. Next, stamp the confetti pieces into the Petunia Pop ink pad, but stamp off once before stamping over the smaller package image. Repeat for the other two.
3. Stamp the greeting using Tuxedo Black Ink on a scrap piece of Basic White. Punch out using the coordinating punch. Now, Punch out a separate piece from a scrap piece of Petunia Pop Cardstock. Using your Paper Snips, Cut the Petunia Pop punched image in half. Add a bit of liquid glue to the back of the stamped piece and add the Petunia Pop piece. Add dimensions and place punch in the blank spot on the card. Add a bit of the Petunia Pop Marker to the greeting, giving it a swoosh. Add a bit of Wink Of Stella on the swoosh and throughout the card for sparkle.
4. Add two Berry Burst sequins on either side of the Happy Birthday greeting.
