

Inclusion Fusion at North Wales!

Maria Stratton, Inclusion Facilitator, has created INCLUSION FUSION at North Wales! Maria sends out inclusion newsletters to staff, has a resource center set up in her classroom, and allows staff to request her support via an Inclusion Request Form. Check out Maria's first newsletter (at right). Subsequent "Inclusion Fusion" editions highlighted the creation of sensory areas in classrooms and co-teaching tips.

The image shows a two-page spread of a newsletter titled "Inclusion Fusion". The left page features a large title and a text block about Maria Stratton. The right page is a "This Week at North Wales Elementary" section with a header, a cartoon illustration, and several text blocks with images.

Parity in Moz

PARITY IN THE CLASSROOM!
Mrs. Fenstermaker and Mrs. Durante created **parity** in the sixth grade classroom! Both teachers have a desk to sit at, as well as, their names posted in the room for all to see!

Ms. Bush and Mrs. Janiek told their second grade class that they were the best class and were rewarded with **two** teachers.

Kindergarten has **TWO** spotlight teachers! Ms. Michener and Mrs. Stratton
