

Cathi Buzzard: Focus on the Positive

Cathi Buzzard has had the pleasure of working in the North Penn School District for 16 years. She began at Knapp Elementary as a Special Education assistant substitute and after a few short months she was transferred to Hatfield Elementary. It has become her home away from home ever since! Cathi shared that the “the children at Hatfield really are my light!” Cathi noted that, “At Hatfield we strive to focus on the positive while also supporting the many diverse needs of our students. The positive environment at Hatfield allows for so many of our students to soar above and beyond in all that they do.”

Over the years at Hatfield, Cathi has participated on various committees including North Penn's Cultural Cadre, the school's "Sunshine" committee, as well as helping coordinate and run various school assemblies. Along with her position as a Special Education assistant, she also works after school at the North Penn Boys and Girls Hatfield Homework Club. When Cathi is not working, she enjoys antiquing and weekend getaways with friends. She has three grown children who have all graduated from North Penn High School.

Hatfield Inclusion Facilitator, Colleen Parker, stated, “Cathi continues to strengthen the special education program with her positive attitude and caring demeanor. She is an exceptional role model and is always advocating for students. Nothing can dim the LIGHT Cathi spreads on a daily basis.”
