

Church ^{of the} Redeemer

PARISH DAY SCHOOL

"Never stop learning, because life never stops teaching."

Dear Redeemer Community,

We have a lot to learn from our little ones. What if...

What if we embraced someone with a bear hug and enormous smile just because?

What if we wore something for no other reason than it makes us happy?

What if we broke into spontaneous song and dance just because we felt like it?

What if we said sorry and truly forgave because it is the right thing to do?

What if we all found beauty in spider webs and thought that each rainfall offered another new opportunity?

We also have a lot to teach our little ones. What if...

What if we gave them a daily job because it would help grow their sense of responsibility?

What if we corrected them in public so they know their choices impact others?

What if we asked them to greet others by name because it would improve their self-confidence in conversation?

What if we admitted to our own mistakes so they learn it's ok to make them if you own and learn from them?

What if we let them fail because it leads to resilience?

What if?

Best regards,
Mary
