

Responding to Needs of Workers and Employers

Due to COVID-19, many businesses have been closed in an effort to curb the spread of the virus, which has resulted in many employees who depend

on that income to get through each month, sometimes each week. While some businesses have been closed, other businesses are needing help to meet demand.

Workforce Solutions of Tarrant County (WSTC) offices and centers are closed due to the coronavirus but they are still actively working remotely. They have partnered with many great employers and add opportunities daily to their website. Some of these employers include Amazon, Big Lots, CVS Health, Delaware North, DFW Airport, FedEx Ground, Klein Tools, Southern Champion Tray, Texas Workforce Commission, Trinity Metro, Walmart, and others.

Workforce Solutions of Tarrant County realizes there is a growing need for work in our community right now. As employers are contacting WSTC with immediate job openings, they are posting them to the [Workforce Solutions of Tarrant County JOBS NOW!](#) webpage.

Also, be sure to check out the new [FIND! Child Care](#) tool to assist parents working for essential businesses in finding child care.

If you are an employer who would like to have your openings added to our JOBS NOW! 2020 page, send our Business Services Team a message at business.services@workforcesolutions.net.

If you have questions, you can call Workforce Solutions of Tarrant County at 817-413-4000 or email them at info@workforcesolutions.net.

[The Texas Workforce Commission](#) (TWC) has received over half a million unemployment claims in the last 18 days as a result of COVID-19 outpacing the number received in all of 2019. As a result, call centers have been overwhelmed causing long wait times and technical issues when filing on the [Unemployment Benefits portal](#). To help reduce frustration and provide better access, the TWC recommends staggering of calls and access to the online portal based on an applicant's area codes as shown below.

TWC will not penalize for delays due to call or user volume. Claims filed by individuals affected by COVID-19 are eligible to be backdated. For more information about COVID-19 and unemployment benefits visit <https://www.twc.texas.gov/news/covid-19-resources-job-seekers>.
