Dear Friends,

The year continues on and as I look at the calendar I realize that it's been a few months since we all got together for knitting and chatting. I've had the good fortune to email with many of you and to see some of you during other online adventures. No matter what.....there is still nothing like our dedicated Mara Time Knitting Cruise Group. I miss you all and need to see your faces, talk, catch up and knit.

November looks to be a bit of a blur for me with many of the stores having online events and with the Outlander Knitting Book coming out tomorrow. So I'm looking at a time that works and I hope that you are all up for another meet and another class?

This is a really fun class using 2 diverse colors of [FRESCO](#). The pattern offers instructions for wrap (shown), scarf or cowl. It's a lot of fun to do with short rows that move colors and create a design within a design. If you prefer this as a pullover, it can be done in T-shirt style easily and I'm happy to make that an option.

The shawl currently takes 2 skns each of 2 colors for a total of 4. The scarf/cowl will take 1 each of 2 colors for a total of 2. If you choose to do a T-shirt, it will be 4(6,8)skns total {2(3,4) each color for sizes 38(44,50)}. I was given a discount from Lana Grossa and the two wonderful stores we work with have offered to pass this discount on to you. Happy Holidays to all of us.

The current price for Fresco is \$25/skein for 100gr. and everyone is getting a **20% discount on the yarn so it will be \$20/skn.**

My Holiday present is that the **class is Free.** I need my knitting cruise group fix and hope that you'll join us.

Here are the prices:

Fresco Shaw:

4 skeins Fresco \$20.00 = \$80.00

Fresco Scarf/Cowl:

2 skeins Fresco \$20.00 = \$40.00

Fresco T-Shirt

4(6,8)skeins Fresco \$20.00 = \$80(120,160).

The pattern will be sent by email along with our Zoom link. In order to stay away from the Holidays, I'd like to make our Class on Sunday December 6th at 10am California time. The class will be about 2 hours. The class involves short rows in Stock St. and rows of Garter St. to separate the short row bubbles. There will be a bit of homework.....yes....Scrooge lives. I'll just want you to have your Garter St. border done so we can jump right into the short row section.

You can order the kits from [Lisa](#) or [Fontelle](#) but make sure to allow for time for them to get to you. Supplies on this yarn are limited as they will not continue with Fresco into the next season so jump while you can. (Please note that I used a color that was already discontinued so don't fall in love with my plum color.)

Can't wait to see everyone. Stay safe and we'll celebrate the Holiday and end of the year together. Virtual hugs until then.....BARRY
