YMWIC MLK Chapter – Annual Breakfast with Santa

On December 20th, the YMWIC MLK Chapter partnered with Simon's Rec Center to support their annual **Breakfast with Santa** community event. Our Scholars played an active role throughout the morning, assisting with event setup and breakdown, serving food to families, and helping ensure the event ran smoothly. Their presence helped create a warm, welcoming environment for community members and families attending the celebration.

In addition to logistical support, scholars spent time engaging with younger children by leading crafts and activities, helping to make the experience fun and memorable. Several scholars also served as the event photographers, capturing special moments with Santa and documenting the joy of the day. This service opportunity allowed scholars to practice leadership, teamwork, and community responsibility while giving back to a neighborhood partner that consistently supports local families.
