Scholar Spotlight

Alvena Edwards **Norristown Blockson Chapter**

Alvena Edwards is a dedicated 9th grade student at Norristown High School who has been part of the YMWIC Foundation since the 8th grade. Her journey with the Foundation has been marked by the invaluable support she's received, especially during times when she faced academic challenges. This support has not only helped her overcome obstacles but also taught her how to effectively communicate with others, a skill that has made a significant impact on her personal growth.

Alvena's aspirations for the future are clear; she dreams of becoming a Traveling Registered Nurse after graduating from high school. Although she hasn't decided on a specific college yet, she remains focused on her goals. She offers wise advice to younger and new Scholars, "Always try your best, and don't hesitate to ask for help when needed." For those unfamiliar with YMWIC, Alvena enthusiastically shares that it's a fantastic organization that can truly shape your future for the better.

Throughout her academic journey, Alvena has been recognized for her hard work and dedication. She has earned the Student of the Month Award and has also received an Achievement Award in both Math and Science. Beyond her academic accomplishments, Alvena is also active in sports, participating in basketball, volleyball, and track. In her free time, she cherishes moments spent with her family and friends.

Alvena Edwards is a shining example of how the YMWIC Foundation can empower young Scholars, providing them with the tools and support they need to succeed both academically and personally.
