Jack Borrachine Phoenixville Chapter

New to the YMWIC Program this year, Jack Borrachine is a 10th grade student at Phoenixville Area High School. He really enjoyed completing his Science Project and has found the Pre-College Program to be a source of support. Jack feels the leadership opportunities and his commitment to Community Service activities have enhanced his Character Development and Problem-Solving Skills. He is interested in pursuing a degree in Computer Science but is still deciding which college he'd like to attend. When he isn't earning Honor Roll distinction through his dedication to academics, Jack is playing saxophone in the Marching and Concert Band, coding, or reading.

We are happy to have supported you in your growth, Jack, and look forward to offering you more opportunities next Program Year.
