Scholar Spotlight

Keith Gray-Mickens **Furness High School Chapter**

Keith Gray-Mickens is in the 10th grade at Furness High, and this is his second program year as a YMWIC Scholar. Keith earned Honor Roll status in the 9th grade at Furness and stretches himself academically; he is currently taking Honors History. His favorite subjects are math and science.

A dedicated and hard-working student, Keith is committing himself as a YMWIC Scholar by getting more involved in Foundation activities this program year. He finds that being a member has helped him to be more confident in groups; as a participant, he most enjoys the exposure to exciting hands-on engineering activities.

In the future, Keith would like to pursue a career in the field of Computer Science and is considering Drexel University. A well-rounded young man, he enjoys boxing, playing games and drawing after school hours. He most admires his parents and is looking forward to a fulfilling and lucrative career.
