

Scholar Spotlight

Cameron English Phoenixville Chapter

Phoenixville Chapter: Scholar **Cameron English** is new to YMWIC this year. He says, "I am an 8th grade student at Phoenixville Middle School. I joined YMWIC in October of this year. So far, I am most impressed by learning so much about science and STEM. I like this because I'd like to be a Computer Engineer or a Scientist after graduating from college. Although it's early, I think I would like to attend Drexel, Pitt (University of Pittsburgh, Penn State or the University of Maryland."

My advice to younger Scholars, "Work hard now so that things will be easier later." I try to follow this myself; and, so far, I have been on the honor roll every marking period in middle school. Most of them were high honors. I was also very proud to be one of two students to receive the Presidential Award.

Cameron plays football and does shot put in Track and Field. In his free time, he enjoys playing sports, weightlifting and playing video games.

We welcome you to YMWIC, Cameron!
