Alumni Spotlight

Janis A. Bady
YMWIC Class of 2024

In this month's Alumni Spotlight, we are proud to feature Janis A. Bady, a 2024 graduate of YMWIC who is already making impressive strides in her post-graduation journey. Janis reflects on how YMWIC shaped her both personally and professionally. "YMWIC taught me how to conduct myself in professional spaces and enhanced the leadership skills I use daily. The Program taught me how to hold myself accountable."

Since graduating, Janis has continued her education at The Juilliard School in New York City, where she is a first-year dance major. Her college experience has been both exciting and enlightening. “Every day brings so much good information in class and outside of class. I’m learning new things about myself. I love being in a new city with new people I enjoy being with. I’m excited to do more,” she says.

Her advice to current YMWIC Scholars? “Try to find the ways that YMWIC helps you personally, even if you don’t enjoy every activity or task. Focus on what you want to get out of the Foundation for your benefit.”

Janis also expressed her gratitude for the eight years she spent as a YMWIC Scholar. “I appreciate all the training, mentoring, and support I received. I learned so much and had many opportunities to grow as a student and a person.”

We are incredibly proud of Janis and her accomplishments and can't wait to see all that she continues to achieve in her journey.
